MUSIC
VIENNA MUSIC INSTITUTE

Vienna - Austria

Fontys
ACADEMY OF
THE ARTS

Tilburg - The Netherlands

Co-funded by
the European Union

Dear Students,

We warmly invite you to apply for a special **Erasmus+ project**, taking place from **5-9 October 2026** at our partner institution, the **Fontys University of Arts in Tilburg (NL)**:

Resilience in Diversity – Building student resilience in a diverse world

The programme is open to all students from the 3rd semester onwards. As this is a short-term mobility (Blended Intensive Programme), we particularly encourage applications from students for whom a long-term Erasmus mobility would be difficult to realize.

Financial Support

In addition to the regular Erasmus+ grant, the following student groups are eligible for an additional top-up grant:

- Students with disabilities
- Students with chronic (physical or mental) health conditions
- Students with child(ren)

Application Documents

- Curriculum Vitae (CV)
- Motivation letter (Why is participation in this project important to you?)

Note: Applicants who have not yet received Erasmus+ funding or for whom a long-term mobility is challenging will be given special consideration in the selection process.

Green Travel

In the spirit of sustainability and CO₂ reduction, travel by bus or train is mandatory. Please take this into account when planning your trip.

Further Information

- Participation will be awarded with 3 ECTS credits.
- Erasmus+ funding covers travel and accommodation costs.
- Application deadline: 30 July 2026, 23:59 (CET)

We look forward to receiving your applications!

Best wishes The VMI Team
